

## RED CROSS OF NYE COUNTY SENDS OUT A FIRST SHIPMENT

The ladies of the Nye county chapter of the Red Cross, under the able direction and supervision of Mrs. J. W. Sherwin, are doing wonderful work in the way of providing hospital nightshirts and knit goods. During the week they sent out via Wells Fargo to the headquarters in San Francisco 24 dozens hospital nightshirts finished by the women of Tonopah, who are now busy each day at the local Red Cross headquarters sewing and knitting garments for the soldiers.

A box of bandages from Mrs. Grace R. Moore was contributed to the splendid cause. Mrs. Moore spent much time and labor in preparing this gift and is to be commended for her patriotic spirit.

Mrs. Sherwin wishes to announce that six additional sewing machines are expected to arrive this week, in addition to another large consignment of yarn, and she urgently requests all to keep in touch with headquarters in order that additional workers can be used when the necessary supplies arrive. Another consignment of material for hospital nightshirts is also on the way and as these garments are urgently needed and the headquarters in San Francisco are calling upon all local chapters to push the work as rapidly as possible, it is hoped a large number of local women will devote as much time as possible in preparing and making these very necessary articles.

Mrs. C. J. Lawrence, in charge of the local branch of the Red Cross

## KIDDIES LINING UP WITH THEIR SAVINGS

The kiddies, God bless them, are taking hold of the swimming pool with an enthusiasm that brings in the money. Every morning they stand in line at the Bonanza office and their small contributions are beginning to swell the total in a way that proves the young folks are with the managers of the enterprise in looking after the interests of the juveniles of Tonopah. The first callers this morning at this office were Frank and Clifton Piercy, who gave 50 cents each. Then there was the 10-year-old Arne Koskinen, who brought in a big silver dollar, which, he said, was his wage for working at the dairy. That is the spirit animating all the kids who want to see the great undertaking completed, and it is hoped that others will join in getting subscriptions, for the committee needs all the money that can be raised during the next month to pay for putting on the roof and constructing dressing rooms.

The water was released last night and the basin cleaned out to remove the flakes that had fallen from the freshly cemented walls. The work of emptying occupied exactly 80 minutes and after an examination satisfied the committee that the walls were safe and sound the outlet was closed and refilling began. This morning the reservoir was about full, so, if the weather is fine tomorrow, the kiddies may spend another day in the water. Last night only one 6-inch outlet valve was used and by opening the second valve the water can be emptied in half the time.

Contributions received since last report follow: H. J. Seltz and Tom Mulcare, \$2.50 each; William L. Daoust, \$1; Arne Koskinen, \$1; Frank and Clifton Piercy, 50 cents each.

society in Manhattan, sent in during the week 22 finished hospital garments, which certainly speaks well for the sister camp and shows the spirit of patriotism burns brightly in that quarter. In addition to the donations of labor, the Manhattan ladies have been giving a number of social affairs and sending in contributions of money regularly, which Chairman R. J. Highland says is much appreciated and needed by the local chapter, in the purchase of supplies and other needful articles at the headquarters.

Arrangements are now under way with the approval of President Wilson to organize all the school children of the country into a Junior Red Cross society and effective plans under the cooperation of all the boards of education of the various states are now being effected.

Schools are to be recruited as units with a membership fee of 25 cents for each pupil. In addition, to stimulate and educate children in the Red Cross, plans are being made to utilize the youthful members in the making of the simpler articles and supplies needed in the hospitals abroad.

## SWEDES EXCITED OVER THE DRAFT

PROTESTS POUR INTO U. S. CONSULATE OVER PLAN TO INCLUDE ALIENS.

(By Associated Press.)

STOCKHOLM, Sept. 22.—Considerable agitation has been caused here because of a report that the United States contemplates subjecting to draft alien residents of military age unless they leave the country within three months. The American legation received many telephonic inquiries from agitated parents, some of pronounced German sympathizers, asking whether their sons now in America would be forced to fight against Germany.

Pro-German newspapers printed strong protests against the proposed draft, maintaining that at least 100,000 Swedes of military age are in the United States and only a small proportion could return to their home country under present steamship arrangements.

Operation of the draft law has had the further effect of checking Scandinavian immigration to the United States, a certain proportion of the departures having been inspired by a desire to avoid compulsory military service.

## AMUSEMENTS

**BIG PROGRAM AT THE BUTLER.**

There will be another big program at the Butler this evening—Charles Ray, in a five-reel Triangle production, "The Millionaire Vagrant," and Charlie Chaplin in another one of his two-reel comedy successes.

From Fifth Avenue to the slums of the East Side is considered quite a leap by most people, but Charles Ray in "The Millionaire Vagrant" shows that it really can be done. It is a thrilling drama showing the startling adventures of a young millionaire who, as the result of a wager, pledges himself to live on a dollar a day. The surprising incidents that come rushing into his life carry the plot along to an unexpected and startling climax. Mr. Ray's acting is characterized throughout by artistic consistency in an extremely difficult role. The picture is one that is sure to please any audience. Chaplin is a scream as usual, making a seven-reel program that is hard to beat anywhere.

Tomorrow another great favorite will be seen at the Butler. House Peters, one of the most popular stars of the screen, will be seen in "As Men Love," supported by Myrtle Steadman. It is a powerful society drama. Every time you see House Peters you are sure of seeing a picture you will like. There will also be shown in tomorrow's program another one of those side-splitting two-reel Keystone comedies, "A Royal Rogue." Remember "Intolerance" Wednesday, and look at the price it will be shown at.
